## Bag of Trains

A collaborative project

### Bag of Trains

A collaborative project

Colleen Jones and Alister Karl

Colleen and Alister went out collecting trains in a green Safeway bag, when it was full they decided that they had better make something meaningful out of them.

Brunswick Art Space, 2a Breese st, Brunswick

The bag, when explored closer, was filled with beautiful mundane moments of passing trains, waiting people and shaky super 8.

Colleen and Alister have collaborated to create an installation of found objects, video and debris, inspired by a green shopping bag of train DVDs that Colleen acquired, feeding Alister's train obsession.

"A brilliant fusion of Train and art" - Alister Karl
