Dr Toby Halligan is not a Doctor But he'll give it a try...

After being nominated for Best Newcomer at the 2011 Melbourne International Comedy Festival - for **Electile Dysfunction** - Dr Toby Halligan returns in **Dr Toby Halligan is not a Dr. Doctors have answers; they diagnose expertly. There seems to be a lot wrong with Australia and experts crowding to offer solutions. Toby Halligan doesn't know the illness, or the remedy (and his qualifications are invalid anywhere but Costa Rica) but he does do jokes.**

Toby writes political satire on a regular basis for the Punch and has been published in the Age, the Sydney Morning Herald, and in mX.

His new show explores race, politics, sexuality, and a lot of other wanky things, as well important stuff like his Maltese-cross, Bernie.

"Delicate touch and some killer jokes" - The Herald Sun

"A comic natural; lively, likeable and confident... entertainingly enlightening" - Steve Bennett, Chortle

"Energetic and eccentric with a unique perspective" - Tim Hunter, Citysearch
