Hayley Brennan Attention Seeker

Hayley Brennan is an Attention Seeker so that is what her show has been called. From stalking boys on twitter, facebook and through bathroom windows Hayley's first solo satnd up comedy show is a winner. On for Five shows only at the Portland Hotel. Hayley would love the attention of you for 50 minutes and perhaps some cute boys too.

Hayley grew up in Geelong and is the Middle child. Hayley was always the favourite amongst the family although her older sister has just tried to beat her by giving the parents there first grand child. Hayley thinks she deserves some type of compensation for being such a good child. While most normal teenages where out partying and sexing it up, Hayley was at home reading Harry Potter. This never bothered Hayley because Harry Potter is way better then alcohol and boys. However now that all the movies are out and she has read the books 176 times, Hayley is now thinking boys and alcohol mighten be so bad after all. The only issue is Hayley Can't really speak to boys and so really just stalks them down on facebook or twitter, just trying to get there attention. Hayley has a few secret surprise talents but don't worry none of them involve her taking her clothes of. It is a funny, bubbly entertainment stand up comedy performance.

"Hayley is the funniest person I know, although can't seem to keep her room clean." - Katrina, Hayley's mum
"Haha she kissed a Ranga" - Fiona, Hayley's Housemate
