ONE DAY

The Melbourne Fring Festival has always a place for emerging artists to cut their teeth but this year St Martins is presenting its emerging, emerging, emerging artists as our 5-12 year old are unleashed on the festival. They are creating their own original work and they have plenty to say.

ONE DAY is an original performance project from St Martins youngest members which takes a real or imagined day in the life of children and samples the stories, experiences and encounters of the cast. Featuring photographs, live sound recordings and journal entries, ONE DAY is a rollicking adventure which invites you into the world of children, and allows you to see both simple and profound things through their eyes and in their words. One Day is another wonderful example of St Martins dynamic creative process that ensures that every young person, no matter of age or ability can be an artistic decision maker in the creation of wonderful theatre.

Directed by St Martins Artistic Director Sarah Austin and Designed by award winning Designing Mel Liertz, One Day will be moving, hilarious and viciously honest. Great for kids, families and anyone that appreciates an unmuddied joy in creating theatre.
