U

Workshop and Performance Series @ Signal

"U" is a workshop & performance series for young artists in collaboration with theatre-makers from renowned local visual and sensory theatre company, Peepshow Inc. In "U", artists aged 13-17 work under provocation from Peepshow Inc to make a theatrical world out of cardboard, sound, lighting, objects and movement. With each workshop, a new element is introduced, culminating in a season of interactive public performances at Signal (6-9 Oct).

U Workshop Part 1: Creating a Cardboard World
1-4 Oct 10am – 1pm

Young artists will work with designers to imagine, design and construct an interactive performance environment out of recycled cardboard. Participants are encouraged to attend all 4 sessions as the construction will continue throughout the workshop.

U Workshop Part 2: Performance-making
6-9 Oct 10am-4pm (performances daily at 3pm)

In U ordinary characters find themselves in extraordinary situations. Young performers and theatre-makers will work with a director to create theatrical pieces within this interactive space, resulting in a daily performance. Participants can attend one or more (or even all!) of these day-long workshops which will create and present a new work each day.

Performance Season: 6-9 Oct 3pm at Signal

Come and see the fruits of our labour. Expect the unexpected. Each day workshop participants will present their work in a showing-performance for family, friends and anyone who is interested in these 4 brand new works. Tickets are free but seating is limited so bookings are essential and latecomers may not be admitted, please arrive on time to avoid disappointment.

Please note: performances may not be suitable for audiences under 13 years of age.
