## Xenethor: Truth and Ultraviolence

From the bestselling author of Hyzonryu, comes an experiment in comedy, the debut stand-up event. Think you've seen everything? Have you seen this show?... I didn't think so. Live, laugh, die? Anything is possible in hyperspace. The show will feature my friend Kevin who is going through an existential crisis because he doesn't get enough attention. But enough about Kevin....

Rosebud.

"It was really funny, I laughed a lot." - Earnest Random Guy

"I woke up once and thought there was a huge lizard lying next to me but it was just my legs." - Xenethor

"I learned something today. I learned that the past tense of learn is actually learnt." - Xenethor
